Dear Sir,

We are writing to lodge our strong objection to any idea of building on the Green Belt land which borders Halesowen and stretches to Clent.

There are many unused 'brown field' sites both nearby in the Black Country and in nearby Birmingham. For example the old Longbridge site near junction 4 of the M5 remains largely undeveloped despite many promises of new business. There is no excuse for building on Green Belt land when such sites remain.

We hope that the council will take the views of the residents seriously and ensure that this does not happen.

Yours sincerely

Gail and John Rothnie.
